IronKey F200 Biometric Flash Drive

**FEATURES + BENEFITS**

**FIPS 140-2, Level 3 Validated**
Meet the most demanding regulatory requirements for the Federal Information Processing Standardization (FIPS) 140-2, Level 3 validation with the IronKey F200 Biometric Flash Drive. **Level 3** - This level exceeds Level 1 and Level 2 requirements, and adds physical tamper-resistance and identity-based authentication.

**AES 256-bit Hardware Encryption**
Protect your data with the hardware-based AES 256-bit encryption implemented in Cipher Block Chain (CBC) mode activated every time the USB flash drive is in use. The IronKey F200 Biometric USB Flash Drive is compatible across multiple platforms without administration or installing software or drivers.

**Two-factor Authentication - Password and Fingerprint Identification**
Establish an authentic password to create an identity on the IronKey F200 Biometric Flash Drive. By creating a strong password, you increase the level of security protecting your data-at-rest. Includes Administrative controls to manage up to 10 users, and robust support for complex and custom password policies including length, special characters, expiration and more.

Further enhance security and convenience with the IronKey F200 flash drive utilizing biometric capabilities through an ergonomic swipe sensor with hardware-based matching.

**Multi-Language Support**
Streamline usability and reduce help desk calls with an intuitive user control panel available in nine languages.

**Optional Features**
**Antivirus Software**
Protect against viruses, worms, and other malware threats with on-board antivirus software constantly monitoring file transfers to the portable storage device.

**Central Management Software**
Streamline provisioning, customize security policies, deploy and manage secure portable devices across networks and security environments. Manage IronKey flash drives with your choice of two device management platforms including IronKey ACCESS™ Enterprise device management server and McAfee ePolicy Orchestrator™ (McAfee ePO™).

**ADVANCED SECURITY**
An ergonomic swipe sensor with hardware-based matching brings you biometric fingerprint identification in a distinguished rugged metal design. The enclosure offers you a product that is tamper-resistant, waterproof and dustproof. In addition to the physical features, this unique USB flash drive delivers a fast and efficient hardware-dedicated security processor that provides advanced portable security through FIPS 140-2, Level 3 validated 256-bit AES hardware encryption, authentication, manageability and biometrics. It also provides hardware protection against malware in any environment, securing your digital information.

**TECHNICAL SPECS**

**CAPACITIES:**
- 8GB, 16GB, 32GB, 64GB

**SIZE (CAP ON):**
- 13mm x 26mm x 85mm (0.51” x 1.02” x 3.35”)

**SYSTEM COMPATIBILITY**
- Windows® 8.1/8/7/Vista (Bus, Ent and Home editions SP2)/XP (Prof and Home SP3)
- Mac OS™ 10.5 or higher

**STANDARDS AND CERTIFICATIONS:**
- FIPS 140-2 Level 3 Validated
- USB 1.1 and 2.0
- FCC, CE, WEEE Compliant, RoHS Compliant

**INTERFACE:**
- USB 2.0 (1.1 compatible)

**LANGUAGES:**
- English, Traditional Chinese, Simplified Chinese, French, German, Japanese, Korean, Portuguese-Brazilian, Spanish

**WARRANTY:**
- 5 Years Limited

**TRADE AGREEMENTS ACT COMPLIANT (TAA)**
- Designed and Assembled in U.S.A.
